Right?
Right?
Yeah

You see my chick? She's top notch
She want everything that we do to be top notch
Parmigiani on my wrist, that's top notch
Whenever we take a trip, we do it top notch
Told her, "Let me upgrade you to top notch"
You don't need to waste your time 'less it's top notch
And if you dealin' with me, you know it's top notch
Fly, you and I, we be top notch

Oh, you know that I put you first
You know I be puttin' in work
'Cause I know what your time is worth
It's everything, it's everything to me
Oh, you know that I put you first (You first)
You know I be puttin' in work (I put in that work)
'Cause I know what your time is worth
It's everything, it's everything

Yeah
Your pretty face, that's top notch
You got impeccable taste, that's top notch
Twenty-four around the waist, that's top notch
Ain't no other way to say it but top notch
The only way we gon' do it, it's top notch
I don't even waste time 'less it's top notch
Together, you know we gotta be top notch
Fly, you and I, we be top notch

Oh, you know that I put you first
You know I be puttin' in work
'Cause I know what your time is worth
It's everything, it's everything to me
Oh (Oh-oh), you know that I put you first (You first)
You know I be puttin' in work (I put in that work)
'Cause I know what your time is worth
It's everything, it's everything

Yeah
What's cash if you don't spend it? (Spend it)
Twenty issues on that new black tenant (Tenant)

You know I be puttin' in work
'Cause I know what your time is worth
It's everything, it's everything to me

Oh (Oh-oh), you know that I put you first (You first)
You know I be puttin' in work (I put in that work)
'Cause I know what your time is worth
It's everything, it's everything

Now how many could really do it like this? (None)
Money run like water when you flowin' like this (That's right)
They give you macarons when you flowin' like this (Mais oui, oh-oh)
You gotta shoot you shot even though you might miss
You know I'm comin' back (Back), energy on a milli (We killin')
We be ridin' jet, Peterborough to Philly (Fly with me)
Got 'em sayin', "Really" (Yeah), that's the way they livin' (We good)

It's everything, it's everything to me
Oh (Oh-oh), you know that I put you first (You know that I put you first)
You know I be puttin' in work (I put in that work)
'Cause I know what your time is worth
It's everything, it's everything
