Waiting

Ryan Leslie

Les
Yeah
Stunting like a Sunday
Heaven on a Sunday
Night, night, night
Stunting like a Sunday

1, 2, 3, 4 days that's it you said bye
But it seems like eternity
Want to hold you tight just so you won't cry
Know it's hurting you like it's hurting me
No pain like the pain of when we're apart
It's nothing like a broken heart
Yeah specially when I broke your heart
Oh na, na
Can't eat, can't sleep
Feeling like the knife went way too deep
Memories they fill my mind, mind, mind (Mind)
Can't wait to touch
Know I put your heart through way too much
Still I know you should be mine, mine, mine (Mine)

So until the day you forgive me (I'll be)
I'll be waiting for your love (Yeah)
Cause it's better when you are with me (I'll be)
I'll be waiting for your love (Yeah)
Cause I know you gotta be missing me (I'll be)
I'll be waiting for your love (Yeah)
And you know you'd rather be kissing me (I'll be)
I'll be waiting for your love

1, 2, 3, 4 times I pass by your house
But I know you're avoiding me
Cause it's too soon to be talking to me right now
We gon' talk it out when you're ready
Painful when the trust is falling apart
It's nothing like a broken heart
I can't believe the way I broke your heart
Oh na, na
Can't eat, can't sleep (Nah)
Feeling like the knife went way too deep (Yeah)
Memories they fill my mind, mind, mind (Mind)
Can't wait to touch
Know I put your heart through way too much
Still I know you should be mine, mine, mine (Mine)
So until the day...

So until the day you forgive me (I'll be)
I'll be waiting for your love (Yeah)
Cause it's better when you are with me (I'll be)
I'll be waiting for your love (Yeah)
Cause I know you gotta be missing me (I'll be)
I'll be waiting for your love (Yeah)
And you know you'd rather be kissing me (I'll be)
I'll be waiting for your love

Oh

Les
My heart, my heart, my heart
My heart is yours
My heart, my heart, my heart
My heart is yours
My heart, my heart, my heart
My heart is yours
My heart, my heart, my heart
My heart is yours

So until the day you forgive me (I'll be)
I'll be waiting for your love (Yeah)
Cause it's better when you are with me (I'll be)
I'll be waiting for your love (Yeah)
Cause I know you gotta be missing me (I'll be)
I'll be waiting for your love (Yeah)
And you know you'd rather be kissing me (I'll be)
I'll be waiting for your love

Cause you supposed to be having kids with me
I'll be waiting for your love (Yeah)
And we supposed to be making history (Baby)
I'll be waiting for your love (Oh, that's real)
And I love you it ain't mystery
I'll be waiting for your love (Yeah)
So I'm waiting right here I'll bend the knee
