

# Coffee

Ryan O'Shaughnessy

A quick coffee in the morning  
I don't need it 'cause I get it from you  
Girl, your energy is pouring  
I kinda love it being hooked on you  
Even though that I'm addicted  
I'm never gonna quit this, mmh-mmh

'Cause it all started  
When we got it on

A quick coffee in the morning  
I always thought that I was bulletproof  
Too hard to ignore it  
I sit back and enjoy the view  
Your body is a wonderland  
Nobody loves it like I can

'Cause it all started  
When we got it on

Yeah, we got it on  
Yeah, we got it on  
Yeah, we got it on  
Yeah, we got it on

I used to drink coffee in the morning  
Now you're the only that keeps me awake  
Running through my veins, you never play no games  
You never do me wrong

Now you're my coffee in the morning  
Don't need no sugar 'cause you're sweet enough  
Girl, your energy is pouring  
I never thought that you can give that much  
Even though that I'm addicted  
You know I'm never gonna quit this

'Cause it all started  
When we got it on

Yeah, we got it on  
Yeah, we got it on  
Yeah, we got it on  
Yeah, we got it on  
Yeah, we got it on  
Yeah, we got it on  
Yeah, we got it on  
Yeah, we got it on, oh
