

## Permanent

Ryan O'Shaughnessy

A couple bottles deep  
So far away from home  
You would have loved that night  
But you were on you're own  
Gotta call at 2am  
No friend is looking for  
I heard it on his voice  
You won't be round no more

It's a little too permanent  
It's a little too permanent

You play piano better then me  
But you love guitar  
You went and left your mother with her second broken heart  
It gets easier  
Least that's what they say  
It's hard to heal when you feel buried underneath these waves

It's a little too permanent  
It's a little too permanent

One day you're here and then you're down  
I guess it happened in the background  
It's a little too permanent

I want a conversation  
But you're not talking back  
I never thought it would be the last one we'd ever have  
You told me you were hurting  
I didn't hear it then  
Relive that conversation over and over again

It's just a little too permanent  
I try to fight it but it's out of my hands  
I know that hurting wasn't part of your plan  
There's a hole in my heart now

And it's a little too permanent  
It's a little too permanent  
It's a little too permanent  
A little too permanent
