

Waiting

Ryan O'Shaughnessy

When you've found the road,
don't go down alone
I'll be waiting
I'll be waiting

When you've found the guy
don't dive in, play shy
I'll be waiting
I'll be waiting

Cause you're what my world revolves around
Even though you knock me to the ground
I get straight back up to see
Just how beautiful the chase can be

So when you're done checking on the rain
Come relieve my pain
I'll be waiting
I'll be waiting

You know I've seen it in my dreams
As my heart rocks on the balance beam
I am waiting
You know I'm waiting

Cause you're what my world revolves around
Even though you knock me to the ground
I get straight back up to see
Just how beautiful the chase can be

Oh and I'll keep fighting for the one I love [x4]
