

Sink or Swim

Ryan Star

Oh, what a lonely view
When I stare at you, it's a crime
So, where to go from here?
It's the day I fear,
Come quick night

Love me,
Was it you I thought I saw
When I was drowning
In a sea of pain that all your love created?
How could you just leave me there?
Why don't you save me?
It's been years since I felt whole without you

Why are we not with you?
Worlds apart, you knew
We were so sore
If you still love me then,
Why do we ignore sink or swim?

Oh, help me
Was it you I thought I saw
When I was drowning
In a sea of pain that all your love created?
I thought I could spare your hair
But why would you care?
Was I everything that you ever asked for?

Love me,
Was it you I thought I saw
When I was drowning
In a sea of pain that all your love created?
How could you just leave me there?
Why don't you save me?
Was I everything that you ever asked for?
