

Looking at my past right now  
Honestly I can't see how  
Any beauty could be underneath these ashes  
Every place I've compromised  
All the patterns of my life  
There's a million things I wish had never happened

It's amazing how You take  
Every mess up and mistake  
Every broken frame and shattered place in me  
Instead of throwing me away  
You clean up every jagged shape  
And put a work of art together perfectly

Then you shine Your light  
Through my fractured lines  
Nothing was wasted  
You made a mosaic  
A fascinating sight  
In my fathers eyes  
A brand new creation  
You made a mosaic

Such a beautiful design  
So peculiar so divine  
Every crack displays a different shade of mercy  
When You hold it in Your hands  
I'm like a child once again  
And I'm overwhelmed by just how much You love me

Then you shine Your light  
Through my fractured lines  
Nothing was wasted  
You made a mosaic  
A fascinating sight  
In my fathers eyes  
A brand new creation  
You made a mosaic

Only You, only You  
Only You can take these ashes and make something beautiful  
Only You, only You  
Only You can take these ashes and make something beautiful

When you shine Your light  
Through my fractured lines  
Nothing was wasted  
You made a mosaic  
A fascinating sight  
In my fathers eyes  
A brand new creation  
You made a mosaic  
No nothing was wasted  
You made a mosaic
