

Break On Monday

Ryan Trey

Don't be, aye
Don't be nervous, embrace it
I came for you, yeah, came waiting
I'm not new just - a little impatient
'Cause you a bad bitch in the making, why are all your friends so basic?
Why your hips look like a vase? Yeah, let's face it
You just want the night with me

Girl, I see it for you
Girl, I'm down and with it, break on a Monday (yeah)
Girl, I'm dying for you (yeah)
Fuck a weekend let's just, break it on a Monday (yeah)

You must have fought for it (aye)
Let's get it, Amen
It's a whole blessing in them jeans, god damn
Sun did you good when you was out in Miami, I can see it on you
Yeah, they stretch marked thighs and they gleaming on you
I might do a Nelly, swipe the Visa on you
I'm just really proud of what I'm seeing on you
(Yeah) ain't no waiting you could - get it on sight
You know that it's real when you mentioned on the mic
I won't say your name, girl I need you out of sight I need em sleeping on you
(Yeah) I'm letting you know
If I get time I'm coming right to you
I'm driving right to you right now

(Yeah) girl I see it for you (yeah)
And girl I'm down and with it, break on a Monday (yeah)
Girl I'm breathing for you (shit)
Fuck a weekend let's just, break it on a Monday (yeah)

(Yeah) you, you say this really ain't you
You ain't ever been into a nigga like me
Girl I want it more than your body, I do
Girl, I want that something I can write like haikou
Wanna take your time, girl I'm like "alright cool"
Let's get it, you ain't lie - haven't had the right guy in a minute
But I'll get you right in a minute
Ain't no waiting you could - own me
Just get in on sight
You know that it's real when you mentioned on the mic
I won't say your name, girl I need you out of sight I need em sleeping on you (yeah, yeah)
I'm letting you know
If I get time I'm coming right to you
(Yeah) right to you right now
