Put her on private plane and buy her a Plain Jane
But if the shoe change, would you do the same thing for me?
I doubt it
Put her in Balenciaga, buy her a Bentayga
But when it's time to ride, would you switch lanes for me?
I doubt it
Put her on private plane and buy her a Plain Jane
But if the shoe change, would you do the same thing for me?
I doubt it

Can't let you do what you usually do
What would happen if we switched shoes?
