

More Than Sorry

Ryan Trey

More than apology
More than apology

It's been a minute, yeah, it's been a while
It's been a minute, yeah, it's been a while
You know I'm never throwin' in that towel
I'll do anything to see you smile, oh
And even when we weren't together, you was near
I'm the one that helped you face all of your fears
Racin' with love, got me switchin' up the gears
I know I never was a perfect boyfriend

I know like hell she be missin' me
I'm the one that told her misery brings company
Then you up and did some shit a nigga couldn't believe
One mistake made you forget all of our history, yeah
You went your way and I went mine
But deep inside broken light lies
Get drunk and you start postin' all our business
How come you want the world to be against us? (Huh)
I know you're offended
'Cause you know I'm the only one who's out here havin' friends
To be real with you I kept it P as I can
I ain't tryna act like I ain't hurt you 'cause I did

It's been a minute, yeah, it's been a while
It's been a minute, yeah, it's been a while
You know I'm never throwin' in that towel
I'll do anything to see you smile, oh
And even when we weren't together, you was near
I'm the one that helped you face all of your fears
Racin' with love, got me switchin' up the gears
I know I never was a perfect boyfriend

Someone you never trust
When it started, baby, thought this was forever love
All in on your vibe, please, don't sell me short
Thought them niggas was gon' love you but they never was, alright
How you with him lookin' for me? But it's alright
You lost your best now you're back to alright
Deep down know I need you, girl, but play like it's alright
Cold on me like VVS now your heart it's all ice
Rock your boat just like Aaliyah whenever you need me
Understand we went wrong, baby, I see it
Even when you play that shit off, you know I see it
There can only be one number one so let me be it

It's been a minute, yeah, it's been a while
It's been a minute, yeah, it's been a while
You know I'm never throwin' in that towel
I'll do anything to see you smile, oh
And even when we weren't together, you was near
I'm the one that helped you face all of your fears
Racin' with love, got me switchin' up the gears
I know I never was a perfect boyfriend
