Ryan Trey

Met you in the Lou, young shawty you was cool, yeah  
Wine glass waist and her hips so smooth, yeah  
But I done met a lot of bad bitches like you, yeah  
I done met a lot of bad bitches like you, yeah

But temptation I can't do it shawty  
I made promises can't loose em shawty, yeah  
Girl let's face I've been through it shawty  
But temptation I can't do it shawty  
Yeah yeah

You the move, you was the move for lil minute  
Get a groove I did would've let loose if you let me hit it  
And I had love girl it's been a minute  
But chasing you was playing with the fire  
Went through the lows I still don't feel higher with you  
It's feeling that I still don't like  
And I know what it is  
So why you tryinna love me like you mean it baby  
How you learn to dance like the devil  
Why you tryinna throw me under pressure baby  
Why you wanna act like it's forever  
Why you gotta do it off of me  
You know that the love ain't free  
I got a girl back home can't blow it  
Coz you a whole trap and you know it

But temptation I can't do it shawty  
I made promises can't loose em shawty, yeah  
Girl let's face I've been through it shawty  
But temptations I can't do it shawty, yeah

I remember when you shoot me a text passed midnight  
Looking for the get right I would see your number on the screen  
I'd never dial it, now I keep spiraling  
I thought I'd seen everything until you  
Never would've thought you'd be so see thought  
Knew I needed something but I didn't need you  
Knew I needed something but I didn't need you and I'm over it

But temptation I can't do it shawty  
I made promises can't loose em shawty, yeah  
Girl let's face I've been through it shawty  
But temptation I can't do it shawty, yeah
