

Say Goodbye

Ryland James

Hoping that you're calling
Cause I've been missing you
Wondering if you're with him
Thinking about me too

But if it's too late to talk
If he's there by your side
You can tell me to stop
And I'll say goodbye

Holding onto nothing
Tell me, do you still care?
I'm restless for that one chance
To show you that I'm still here

But if it's too late to talk
If he's there by your side
You can tell me to stop
And I'll say goodbye

Goodbye to all the memories we share (all the memories we share
d)
Goodbye to everything that we were (everything that we were)
Baby, I don't want to wait forever
I don't know what else to do
But say goodbye to you

But if it's too late to talk
If he's there by your side
Well, you can tell me to stop
And I'll say goodbye

Oh if it's too late to talk
If he's there by your side
You can tell me to stop
And I'll say goodbye
And I'll say goodbye
