(Al Geno on the track)

You was my day one from the sand box (Fuck love)
Every time I see you, you got your hand out (Fuck, fuck love)
When it came to that girl, I wasn't playin 'bout her (Fuck, fuck love)
I remember opps had knocked my mans off (Fuck, fuck love)
Soon as we heard the news, we went and spin for him (Fuck love)
Just know ain't nothing less than a dub if I ever send for him (Fuck, fuck love)
I don't trust them hoes, might pay the rent for them (Fuck love)
Hope you know them lies you told your nigga, I wouldn't have went for them (Fuck love)

My dawg changed, just keep it real, my nigga
How you let jealousy straight turn you to a serial killer?
Stabbed me in my back too many times
Tryna make sure that we window, but you left me in the blind
I was out in L.A., ducked off with another nigga bitch
That blick ain't yours, you flexin' with another nigga switch
Really want a kid, we just gon' pray for you lil' niggas dawg
Even at the vet, it still ain't safe for you lil niggas, dawg
Your momma, my momma, you like my twin, you wanna do me in?
Lookin' at my ho thinkin' when I was broke, wish she would've knew me then
Wanna tell lil' bro his folks ain't right, but this my best friend
Say he 'bout to marry her, and he want me to be his best man
Then the preacher said, "You speak out now or forever hold your peace"
I be wantin to yell out, "Bro, don't do it," 'cause you know what P (Fuck love, fuck love)
I just paid the lawyer, hope you beat the case like you Tay Keith
And one of my dawgs killed my niggas
Long live him and free the killer
Pick no sides, they both my niggas
His sister, momma say I'm trippin
They lost faith, but look I didn't
Took the stress, but I had paved the way for niggas to say I did it

Fuck these gold teeth all in my grill
