

Al Geno on the motherfuckin' track

Yeah, every nigga wanna be a motherfucking boss, yeah
I ain't been to church but I know how to play the cross, yeah
Every young nigga in my city having motion
I'm ready to elude, can you tell me where the folks went?
SRT truck, pipe it up
She ain't got no swag, I spice her up
Put ice on her like hockey puck
Shit gon' go bad, don't try your luck
I lost a dime and spiked my cup
I lost a bitch and found the plug
These niggas can't get no strains off us
These niggas can't take no pipes off us (Can't take no guns off of me)

I don't care if you ain't hitting as long as you got a shooter
I don't care if they got the dope and the money, you ain't tell you cool
I had to sell the shoes
I used to fail in school
I'm tryna milk the ho, they tryna spoil the mood
My dawg, he got caught, serving undercovers
I went before he made them plays, he with a audible
