

## don't wait for me

Ryman Leon

I don't sleep at night  
She makes me forget that  
It's not you  
She's not you  
I'm all out of luck  
I bet it all of it on you  
On you

But don't wait for me  
Don't go wasting time  
But if you wait for me  
I'll walk the line  
Don't you wait for me  
Don't go wasting time

It's been a while  
I haven't seen your face  
In what feels like too long  
It's been a while  
And you're moving on  
I'm moving out of my parents place  
This next fall  
I'm moving on

But don't wait for me  
Don't go wasting time  
But if you wait for me  
I'll walk the line  
Don't you wait for me  
Don't go wasting time

And I'll walk that line  
Spending all my life  
But don't waste your time  
Betting on me
