

stowaway

Ryman Leon

I was racing for your heart
We were dancing under shooting stars all night
Always riding highs
Scared of lows
I was just another stowaway
When you found me
I didn't think you'd wanna stay
Always riding highs
Scared of lows

And I don't know what you're looking for
And I don't know what you're looking for

But I'd travel hours with you through the rough
Reroute us backwards then to give it up
I'd take a lifetime of pain
Give up all my dreams for you
And I don't know how I ever made you stay
If I was you I would of walked away
But you stared deep in my soul
Then we said it all that day

And I don't know if we were wrong
I was damaged
You were always gone I know
You were staying out
I was always home
You were just another runaway
Moving further
Was I a stop along the way
Always passing by
Never staying long

And I don't know what you're looking for
And I don't know what you're looking for

But I'd travel hours with you through the rough
Reroute us backwards then to give it up
I'd take a lifetime of pain
Give up all my dreams for you
And I don't know how I ever made you stay
If I was you I would of walked away
But you stared deep in my soul
Then we said it all that day

And I still replay it all
The words that were left unsaid
