The chief noble oble same total controller of the global over law the thousand MCs grab proposal Jakes that mould you taste will hold you hostage peace will fold you like a wallet flies get swatted once they spotted infra-red dotted head red targets

Yo, we smoke blunts, throw weight, bust shots, attend wakes baby make, pay rent stay bent, Drink Red Label duck from Jakes we flagrant Keep the gear pressed

I'm paranoid of loiZOID We fight like Guiver against the hyperZOID NOIDS HIGH ACHIEVER mind computes like a THIEVER Thoguhts connect like the quarterback to the wide receiver Stay blunted drinking cokey nine hundred Never fronting on my niggas on the battle zone Thoughts flip before they change your whips on the good ship Jesus before Kimet was called Egypt Before the bloods and crypts tomahawks and pimps Eighteen pumas spazed we still had balds and braids Amplify the sound of the earth rotation Who could pin-point the exact location in space It's to see hear and feel the earth rotation That's why knowledge is the basic foundation of all days and creation, like man is the foundation of his family and the sun's the foundation of the solar system Wisdom is the manifestation when words and actions are put into activation escape this captivation niggas busting wasting shots like masturbation transforming like gobots They created a race of robots our new rulers are computers Abbott's been known now come through to us Heads drifting in space like asteroids, Pass the roids, savages trading places like Dan Akyroid The truth is ignored, these devils must be destroyed

Search for the better things in life Beef wid wife make a nigga live a street life We smoke blunts, throw weight, pay rent

Yo, check it out, yo, one two, yo
Soon to smooth litigating
Camouflage educating
Baretta Nines barating
Only smoke rounds a day and
Ain't nothing to overdo the shit
Ya'll niggas best to come up quick
We gonna start and finish it
Cause I'm sure watch me murder it

Undersiege fatigue get bat at major league Nine industry forms that be forced from catigues We live righteous TC they go up do the same Fuck the fame we hear the bill better keep your eyes peeled fuck around get killed it ain't safe no fucking more C-Ciphers at my door and I got more than one war, I'm gonna stay on my toes and do the one to two timers, we gon' make this year our year to beware peace to rhymers our life is in a bond-a Sware we gotta find a, way out we took the crypt ride we all about, on these streets trying to make ends meet Stay on my feet gotta eat God you things is deep peep the sleep, How you see camouflage these cats We on that bullshit, last days thinkings of snakes and either pull it soft you know like an afro other cats sit like Castro I murder that snitch ass Donnie Brasco, We dissatisfied of your devils running running high, my mind and my physical be unified To the day we testify we wanna be penalised Form God Allah motherfuckers best recognise

A bag of dast mixed wid stress
