

Scrolls

RZA

To the nucleus we shall reach
Yeah

Jealous world
I see
Right here
Right now
Rastafari

It's in your cards
It's written in the stars
It's written on your hearts
Living scriptures you are

It's in your cards
It's written in the stars
It's written on your hearts
Living scriptures you are

Any road I took
Step forward with left foot
If you would only look
You'd find mind and body the holy book

Shepherds crook in my hand with the ankh
The Lord is my shepherd. I shall not want
Ancient scrolls filled with symbolism and analogy
The most esoteric in occult is our anatomy

Biological
See through the higher optical
Astronomical
Pop up bones yelling domino

It's all comical
Left-handed but through the mathematics
Transform my bad habits into that black magic
Present tense and revival going on
My flesh. The holy Bible. Bless the holy Quran

You the metu neter and the hieroglyphics
It was written. Listen within
The Bible's pages
We surpass ages
And aeons
Of many stories they gave us
But truly you're the Vedas

The newest and the latest greatest technologies can be found within bodily a
nd the natural surrounding me
I found the key of Solomon within my clavicles
The temple between my temples. Gold sabbatical

Magical potency invoked in me
Each breath. A rosary. Kundalini rose in me
The living inscriptions on my bodily systems
Inhale and listen to the sacred wisdom of your inner vision

It's in your cards
It's written in the stars
It's written on your hearts
Living scriptures you are

It's in your cards
It's written in the stars
It's written on your hearts
Living scriptures you are

My souls is the scroll
My flesh is the text
As above so below
So, I study to manifest

My body
Eden where Eve and Adam dwells
With a fiery sword renewing atoms and cells
I read the teachings of our ages
And the wisdom of the sages
On the blood and bone and pages
Of my bodily formation

Greatest story has never been told
Follow Alice on the shoulders holding up the whole globe
Mount Meru, Mount Olympus, whole of Mount Zion
Aren't gone or hiding. They found inside them
Mind generates, organizes and destroys
G.O.D.. The everything. Yet empty and void

The lowest and the uppest, loftiest and the deepest
Both found in my structure. Secretion is the secret
Observe what was heard with the first eye
Look inside
Body, heart, mind
Is original book of life

It's in your cards
It's written in the stars
It's written on your hearts
Living scriptures you are

It's in your cards
It's written in the stars
It's written on your hearts
Living scriptures you are
