

Starless

S. Carey

Our time is all we have
We'll never get this back
Your eyes are starless ponds
I'd dive in with the frogs

I wouldn't think twice about it
And you if seriously doubt it
I have no sympathy

The writing's in the sand
It's best if left unsaid
The earth is all but dead
Where will you lay your head

I wouldn't think twice about it
No you can't seriously doubt it
(It pains me but it's true)
Think twice about it
(It pains me but it's true)
And if you seriously doubt it
I have no sympathy
