

Supermoon

S. Carey

Take it
Cracks in my thought
To question what we were taught
Who's to say where we'll end up?

Well did when water dried
When all said, we know we tried
Who's to say where we'll end up?
Who's to say where we'll end up?

Hope you don't waste your time on me
Hope you don't waste your time on me
Hope you don't waste your time on me
