

# I'll Keep Waiting

S Club 7

It's been a long time girl, but I'll keep on waiting

I'll keep waiting till that day when  
You come back on home to me  
Life's too short to live without you  
Where you are is where I wanna be

Hey girl, it's just a matter of time  
Before you come on home and I get what's mine  
Cos you know that you're still my lady  
And your love is gonna drive me crazy

To think you're gone just makes me wanna choke  
You can't fix what you know you ain't broke  
But I guess that I'll just keep waiting  
Even though inside my heart is breaking

What you waitin' for?  
What you waitin for, girl?  
Show me love like you did before

I'll keep waiting till that day when  
You come back on home to me  
Life's too short to live without you  
Where you are is where I wanna be

All this love's too much to understand  
Must be part of a master plan  
But I wish that it was just that easy  
Cos I miss the way you touch and tease me

Damn it girl why can't you see  
It's not over for you and me  
One day you'll see that you were wrong  
Then you will realise it was true love all along

Dry these tears of rain  
Dry these tears of rain  
Say you'll show me love again

I'll keep waiting till that day when  
You come back on home to me  
Life's too short to live without you  
Where you are is where I wanna be

What can I say to change your mind  
Thinkin' about you all of the time  
Don't keep me holding on  
Come back to where you belong

I'll keep waiting till that day when  
You come back on home to me  
Life's too short to live without you  
Where you are is where I wanna be
