

## Amsterdam Interlude

S-X

Can't tell you what the truth is  
I can't even answer where you've been  
Lying to you 'bout what I'm doing  
Gotta put it right and just move on, yeah  
I wrote in the air the only one I didn't want to lose, yeah  
Looking in the mirror, don't know who's in there  
I know I'd be better on my own, oh yeah
