

## DEMONS

S-X

All I need  
Is somebody  
Who loves my demons  
Give it all to you  
I know I will, yeah  
Really all I feel  
Suddenly  
You came to me  
I know it's real  
I know what I feel, yeah yeah

Privately  
Is how I need my love to be  
And by the way  
You move it could be fate  
Cause I'd lie awake  
On my darkest days and pray  
For someone who just get's me for me  
But where do I go  
And who can I trust this time  
Am I better alone  
Do I need what you provide  
If anything no!  
Fucking with you for time  
Makes me realise

That all I need  
Is somebody  
Who loves my demons  
Give it all to you  
I know I will, yeah  
Really all I feel  
Suddenly  
You came to me  
I know it's real  
I know what I feel, yeah yeah

All I need, all I need, all I need, yeah  
All I need, all I need, all I need, yeah  
All I need, all I need, all I need, yeah  
All I need, all I need, all I, yeah yeah yeah
