

Get It Right

S-X

Yeah, yeah
Said we try to get it right, oh yeah
We try to get it right
Said we try to get it right, oh yeah
We try to get it, we try, ay, ay

We try to get it right (get it right)
Damn, another night (goes by)
It's so hard to say goodbye
I found a lot about me through you (through you)
And I started doing things that we would do, eh
I guess I gotta move on like you
But don't you think that we won't be at war
When another tries wife you? Yeah
No I ain't hiding nothing, you know the truth, yeah
And when I'm faded ain't no telling what I'm gonna do, oh no
Ay, ay

But you ain't always as clean a kind of person who you say you
are
I need someone to help me through the times when I'm hurting ye
ah
I ain't really got the time to see you on the regular
You need something more consistent, maybe I should let you go
I never meant to lose your faith in me, just tryna let you know
I know that deep inside you wanna leave despite saying you won'
t
Communicating with you isn't easy, I been saying so

Need you to love me for who I am
They won't love you baby like I can
Why can't you love me for who I am
I just need more time with you, oh
But know I won't, I know I lost my time with you
No I don't regret letting go, grab my coat
Just let me out, I'm ghost, nah I ain't playing 'em up
Praying that I won't (G for real), when we next fuck
Baby you know that I won't let go

But you ain't always as clean a kind of person who you say you
are
I need someone to help me through the times when I'm hurting ye
ah
