S-X

You know you could do better
Stop thinking 'bout the past shit you've been through
You know better
I'm here for you
Honestly
Oh yeah
I'm here for you
I'm yours
I'm yours
Yeah
I'll ride for you
I'll do all of the things you don't like to do
That's just how much you mean to me
Oh yeah
That's just how much you mean to me
Oh yeah
Don't know if you deserve me
Cause I'm not really worthy
Of making you better
No no no no
I don't think you should be better
Or could be better
Cause I like you just how you are
Ah
You're my superstar
It's only down to you
If you feel the same
Oh yeah
Do you feel the same
Oh yeah
Cause I hope you do
I hope you do
Yeah
