

## It's Enough

S-X

Yeah, yeah

You say you miss the old me  
But baby, I don't know him no more  
No, no, you kept tryna change me  
I had to be alone to evolve  
Woah, that's why every time that you call I look round  
You should already know it's enough  
I'm still yours in your mind and you're nothing in mine  
I'm done wasting time on love

And you won't change my mind  
I know temptation's right  
Make you wanna move crazy at times  
But I won't

And I don't wanna tell you you're wrong but all blame leads to  
you  
Yeah, I'm tryna let go of the drama and the pain but that's jus  
t what relationship do  
But when you're gone, when you're lonely  
Who's the guy you wanna phone?  
Remember all the times you told me that you don't wanna be alon  
e?  
And I know you don't appreciate the things I do for you  
Yeah, I don't need all that drama in my life, no

Yeah, you say you miss the old me  
But baby I don't know him no more  
No, no, you kept tryna change me  
I had to be alone to evolve  
Woah, that's why every time that you call I look round  
You should already know it's enough  
I'm still yours in your mind and you're nothing in mine  
I'm done wasting time on love
