

# Like I Would

S-X

To slow to slow to slow  
Oh-oh  
You hurt me to slow to slow

They won't love you  
Like I would won't trust you no  
That's why I'm all on you  
Your on me to  
All of the reasons yeah all of the reasons yeah

I want you to come fuck me  
It's only u Thst I wanna see  
And when You with me you don't wanna leave yeah  
And there's no one I rather be with  
You see the difference is with me  
I'd never do you dirty no no  
You ain't gotta trust me yeah  
Girl you never wanna see him  
You know that I don't wanna leave here with you I just wanna waste time  
But you don't wanna leave him but you with me all the time  
So come and fuck with me baby  
It's only you that I wanna see really  
And when you with me you don't wanna leave  
There's no one that I'd rather be with

They won't love you  
Like I would, won't trust you no  
That's why I'm all on you  
Your on me to  
All of the reasons, yeah all of the reasons yeah  
I want you

To slow, oo-oo  
I want you, to slow to slow

To slow, you love me  
To slow, to slow

They won't love you  
Like I love you  
Cause you're the one for me  
The one yeah won't bring you trouble  
Like you went through  
Just keep me company just keep me keep me  
And I gotta see what it's like just to be right by your side  
Give you the things that you like  
What you want baby, what you want wa- wa- wa-

Baby girl you belong on islands  
You know I'd fly you right out  
Come see my new hideout  
Yeah you gone see where I'm at  
Yeah you know you belong on islands  
You need a change in climate  
You should be where I'm at
