

## Need To Know

S-X

Yeah, you need to know what I could be alone, I'll call you  
Don't leave me alone, I can't know [?] for you  
Wait till we're alone, I know you need it so I got you  
Thought you need to know when I should be alone, I'll call you

Call me when you want baby  
I'm just only in love with you  
Yeah, I've been moving crazy lately  
But I can't move on again, yeah  
For you I'd do it all again, yeah  
Yeah, you know you're more than a friend to me, baby  
But have I lost you here?  
Cos when I call you don't answer no more  
You want it all from me, but the answer's "no"  
You'll never take my shine away from me (no you won't)  
You think we just need time and then we'll see  
(I need you)

Yeah, you need to know what I could be alone, I'll call you  
Don't leave me alone, I can't know [?] for you  
Wait till we're alone, I know you need it so I got you  
Thought you need to know when I should be alone, I'll call you

I've been idle hiding all the pain inside my mind  
Now all I need is you beside me  
Sometimes it takes two to find me, yeah  
Yeah, yeah, and some days I don't even like me, yeah  
Yeah, yeah, but I never really care what anybody thinks about me  
And when they doubt me it starts a fucking fire deep inside me,  
yeah  
Yeah, yeah, come back home, I need you, help me, yeah  
Yeah, yeah, I'm so glad you found me  
But you need to...

Yeah, you need to know what I could be alone, I'll call you  
Don't leave me alone, I can't know [?] for you  
Wait till we're alone, I know you need it so I got you  
Thought you need to know when I should be alone, I'll call you
