

## Stay

S-X

Talk to me another time  
Cause I don't think I can tell you another lie (Ooh)  
I want you here but I don't like your energy cause it rips me a  
part inside

If I could tell you what I need, where I want you to be, would  
you stay?

I'm just tryna feel okay, I'll mend all my mistakes  
I've been cheated by see-through alibis, crooks and thieves  
I don't wanna lose my place, but I'll need you in my way

Stay just a little while longer  
I'm gonna say it when I'm sober (Aah-ah)  
Stay try to figure out the message  
In my brain, you try to mess with

Look at me some other way cause I can't stand there when I'm ly  
ing to your face (Uhu)  
Broken down but act okay, a dirty habit I've been meaning to re  
place (Ooh)

If I could tell you what I need, where I want you to be here wi  
th me  
(Get out of my own way, let go of yesterday)  
I've been cheated by see-through alibis, crooks and thieves  
I don't wanna lose my place but I need you in my way

Stay just a little while longer  
I'm gonna say it when I'm sober (Aah-ah)  
Stay try to figure out the message  
In my brain, you try to mess with

Stay just a little while longer  
I'm gonna say it when I'm sober (Aah-ah)  
Stay try to figure out the message  
In my brain, you try to mess with

(Ooh ooh  
Ooh ooh  
Broken down, broken down)
