

## Stories

S-X

Turn my headphones up, yeah  
Yeah, yeah, yeah...  
Yeah, yeah

I would never tell stories that only you should know that  
I was hoping you were focused where our future goes  
But your frozen heart gets shattered easy  
I knew you was broken  
A pocket full of many dreams that lead to you was over

I, got, my, high beams, live streets  
My dreams might seem crazy when I really talk about it, yeah  
I, need, the, I, sing, I've, been  
Driving you a way but I can't really live without you there

Ay, where do I go when I'm feeling alone  
I can unlock your door when no else won't  
You were the one [?]  
We don't know time is coming  
Come and let go, go, go, go of you  
I have seen some things I don't, want, you, going through  
I know you have lost my trust, but I know what is best you  
And you hate it when I say it  
Cause this all seems strange to you  
But you know

I would never tell stories that only you should know that  
I was hoping you were focused where our future goes  
But your frozen heart gets shattered easy  
I knew you was broken  
A pocket full of many dreams that lead to you was over

I, got, my, high beams, live streets  
My dreams might seem crazy when I really talk about it, yeah  
I, need, the, I, sing, I've, been  
Driving you a way but I can't really live without you there

I'm searching for something  
What will I find? What will I find?  
The time spent will be worth it because it's right  
Oh yeah, it's right  
Cause I got it all in my mind  
And you what I'm like, I live a double life  
Unless I've forgot it all in my mind  
And I know what I'm like, I'm running out of time  
But you know

I would never tell stories that only you should know that  
I was hoping you were focused where our future goes  
But your frozen heart gets shattered easy  
I knew you was broken  
A pocket full of many dreams that lead to you was over

I, got, my, high beams, live streets  
My dreams might seem crazy when I really talk about it, yeah  
I, need, the, I, sing, I've, been  
Driving you a way but I can't really live without you there

Ooh, ay  
Oh yeah

Ooh, ooh, ooh, ooh  
I knew you was broken
