

# The Come Up

S-X

Coast man know that I'm back now (Grr)  
One shot, make a boy tap out, back out  
Up now so I can't back down, rack now  
Bust that off like the Migos (Grr)  
Free spot, UK

Back again, I'm a psycho (What?)  
My teeth's gone cold like (Ha)  
Summer time with the bros like  
Don't wanna bae, can't hold that title (Uh)  
Juicy turn heads, went viral  
BrynnBP is your favourite idol  
Dave and Sam bustin' moves like Michael  
Spin like an old vinyl (Spin like an old vinyl)

So glad that I came up (Hey)  
And I still got my day ones with me, I could not change up (No, no)  
I had some doubters for a minute, don't need fake love around me  
They don't beat down for a sec  
But I get straighter, oh-oh (Aye, yeah)

So glad that I came up  
Remember them days I was fed up?  
Now I'm on top of the game  
I see everything from a third eye  
They never believed in the vision  
They wanna be part of the mission  
It's the reason why I'm driven  
We spinnin' people like friction  
Look at the eyes and it's glistenin', yeah  
Yo, so glad that I came up, way up

I got success on my mental (Aye)  
At times it gets mental (Yeah)  
I put in emotions and instrumentals (-trumental)  
I'm makin' my bread up  
He says he is next up, we do not know you  
You could never check us  
, Sitting behind me (Yeah)  
I got the wolf on my necklace  
Yeah, yeah, yeah, yeah

This is how we made it  
This is how we made it
