

# Too Hard

S-X

Yeah, you trying too hard, yeah  
Oh that's how you gonna fall, yeah  
Don't let them change up who you are, yeah  
'Cause you know who you are, yeah

Yeah, you trying too hard, yeah  
Oh that's how you gonna fall, yeah  
Don't let them change up who you are, yeah  
'Cause you know who you are, yeah

No I don't need a friend  
Yeah, you would but I wouldn't  
You so dated I'm so current  
I may know myself [?]  
I was writing bars and crashed into the car in front  
Gettin' back with someone that was only once a friend  
I drop the soap right now but [?]  
She saw me for one night, she thinks I'm magnificent  
Doing business ventures in my shorts and my slides  
Keep the team closed, and not run out of guys  
See through you when you talk 'cause I know it's all lies  
Just look me in my eyes

My stock multiples  
And yours just minimise  
I don't take to heart  
When I get criticised  
I'm doing what I like  
And I'm doin' alright

Yeah, you trying too hard, yeah  
Oh that's how you gonna fall, yeah  
Don't let them change up who you are, yeah  
'Cause you know who you are, yeah

Yeah, you trying too hard, yeah  
Oh that's how you gonna fall, yeah  
Don't let them change up who you are, yeah  
'Cause you know who you are, yeah

I only speak the truth  
You rush into the money but I take the scenic route  
You just brainwashing the youth  
You commenting while you do  
And there's something you should know  
People change, people grow  
You don't know me no more  
'Cause I changed and I grew  
They keep tellin' me you changed  
I'm such a different person from the woo days  
Who really cares 'bout what you say  
Because you never even knew me

This could be much bigger if I let it, yeah  
I ain't heard from you in a minute, yeah  
They might know today but they'll forget it, yeah  
Fuck the love, I just want the credit yeah

Yeah, you trying too hard, yeah  
Oh that's how you gonna fall, yeah  
Don't let them change up who you are, yeah  
'Cause you know who you are, yeah

Yeah, you trying too hard, yeah  
Oh that's how you gonna fall, yeah  
Don't let them change up who you are, yeah  
'Cause you know who you are, yeah
