

Turn Me Down

S-X

Yeah

Please don't turn me down (Oh yeah, oh yeah)

Slowly in my room

I know you'll be here soon

Please don't turn me down (Oh yeah, oh yeah)

When will you come through

I hoped you'll be here soon

So please don't turn me -

When I finally find someone else (Yeah)

What I do when I love someone else (Yeah)

It feels like someone else is looking at you

I don't feel the same when I'm talking to you

Shouldn't feel it's real when I'm looking at you

I shoulda hit you with the one time, one time

But I hit you like two times, two times

If I'd hit you for the third time then I'm down

You were with me for the worst times, you were down

I shoulda hit you with the one time, you were down

But I hit you like two times, you down

If I'd hit you for the third time then I'm down (Yeah)

But please don't turn me down (Oh yeah, oh yeah)

Slowly in your room

You know I'll be there soon

Please don't turn me down (Oh yeah, oh yeah)

When will I come through

I'm only here for you

So please don't turn me - (Yeah)

I'm not scared of rejection (Yeah)

Don't come up in my section (Yeah)

I won't do it for mental (Yeah)

I just need to, need to get you (Yeah)

And respect you (Yeah)

Don't neglect you (Yeah)

I shoulda hit you with the one time, one time

But I hit you like two times, two times

If I'd hit you for the third time then I'm down

You were with me for the worst times, you were down

I shoulda hit you with the one time, you were down

But I hit you like two times, you down

If I'd hit you for the third time then I'm down (Yeah)

But please don't turn me down (Oh yeah, oh yeah)

Slowly in your room

You know I'll be there soon

Please don't turn me down (Oh yeah, oh yeah)

When will I come through

I'm only here for you

So please don't turn me down
