

# Walk From Me

S-X

Hey!

All I know is I'm  
Still needing you  
I tell you all the time  
I'm feeling you (I'm feeling you I know you do)

And I know you want it all night  
For life, yeah I know I gotta move right  
And it's all right, cause I'm not me without you  
Cause that's what loves like

But you won't  
Believe me  
As we go  
Yeah I see

I know you'd never walk from me  
I know what love is supposed to be  
Girl I just need you close to me  
With you is always home to me  
And your company  
Yeah don't walk from me

I won't let go of your love oh no  
Tell me what u wanna know  
Girl I never lied to you  
Oh all the things you do  
Make me want you  
It didn't take me long to love you

And I know you want it all night for life  
Yeah I know I gotta move right, and it's all right  
Cause I'm not me without you  
Cause see that's what loves like

But you won't  
Believe me  
As we go  
Yeah I see

I know you'd never walk from me  
I know what love is supposed to be  
Girl I just need you close to me  
With you is always home to me  
And your company  
Yeah don't walk from me
