I'm coming soon dawg, it's just timing  
Wishing for the situation, no I mean it  
I put more than just my mind in yeah  
No I don't need reminding  
Reminding me of the times I was finding you  
I'm from where you were hiding yeah  
I just wish I said it lightly yeah  
And yes she's on me  
A hundred bands when I'm stacking that zombie yeah  
I know they looking for me yeah  
But they ain't never gonna find me yeah  
Heat rises, that's why I'm staying on top  
[?] use it for me, gave a fuck about the props  
We got the wave and it's tidal yeah  
Haters watching moves that I do yeah

Yeah we on a wa-a-aaave

Wa-a-aaave  
Yeah we on a wave (Yeah)  
Yeah we on a wa-a-a-aaave  
Yeah we on a wave

Just stay happy now  
And I know that's hard to say when sometimes you're just down And no one see  
s a way out of it  
But when you are happy  
You're in a good place and cherish that time  
And do things that make you wanna be in that time again

I know it's easier said than done  
Well  
Fuck it
