Your secret's safe with me, baby
I know what you can see, baby
It's always been bad
We just covered it blind in emotions
Something I wanna find in a moment
And I found it, baby
Oh, why do you blame things on me when you know I'm innocent
I said I'm never coming back and now I'm here again
Here again and I don't wanna be, no

I don't wanna be here, stabbing in the inside
We need to end it, yeah, it's been time
Even though it's been lit, right
But yeah, I'm leaving you with you, you
