

# You Was Right

S-X

You said I don't like you, when I get to know ya (Yeah)  
I looked beyond the words you said, cause I was ready for ya (A  
lways ready for ya)  
I know that you don't think you are too healthy for me  
Yeah you said I don't like you, and I get to know ya

Well I guess you was right (Yeah)  
Well you right now, yeah you right now  
I guess you was right  
Well you right now, I mean you right now  
I guess you was, right  
Well you right now, yeah you right now  
I guess you was right (Yeah)  
Well you right now, I mean you right now

I heard all the words you said, but I don't listen to ya  
I only hear what I need, I know that's why [?] I'm sorry  
I know I ain't been the best person for you lately  
You said I don't like you, when I get to know ya

Well I guess you was right (Yeah)  
Well you right now, yeah you right now  
I guess you was right (Yeah)  
Well you right now, I mean you right now  
I guess you was, right  
Yo you right now, yeah you right now  
I guess you was right (Yeah)  
Well you right now, I mean you right now
