

Don't Stop

S3RL

You are my addiction, you I crave!
Run through me like a drug, through my veins
You're all I can think of, I adore!
Just one little taste and I want more
You are my addiction, you I crave!
Run through me like a drug, through my veins
Don't stop, keep it going, don't refrain!
Put it in me again and again

Don't stop

You're all I can think of, I adore!
Just one little taste and I want more
You are my addiction, you I crave!
Run through me like a drug, through my veins
Don't stop, keep it going, don't refrain!
Put it in me again and again
