

Dopamine

S3RL

I feel it in my body
I feel it in my soul
My neurons start to fire
And chimestry explodes
Heart is pumping
Mind is running
Driving me insane
Feel it in my brain
Ooooh Dopamine

Dopamine
Dop dop dop dopamine

The sound is what I'm feeling
The sound is what I know
I hold on to this feeling
And never let it go
It's my high, my love, my life, my every little thing
Makes me wanna sing
Ooooh Dopamine

I feel it, I feel it, I feel it
I feel it, I feel it, I feel it, I feel it
