

# Escape

S3RL

I just want to escape  
Into a video game  
Won't someone set me free?  
From responsibilities

And while I am away  
Nothing can hurt me  
I'm just taking a break  
In my video games

I just want to escape  
Into a video game  
Won't someone set me free?  
From responsibilities

And while I am away  
Nothing can hurt me  
I'm just taking a break  
In my video games
