S3RL

I am the silicon girl  
I am the silicon girl

Every time you look at me you turn me on  
Makes me feel like I can live again  
The day has just begun  
We have the perfect life  
You're everything I that I could ever want  
I know you feel it too  
It's just like I was made to be with you

I am the silicon girl  
I was made to be with you  
I am the silicon girl  
There's nothing I would never do  
I am the silicon girl  
Anything that I can be  
I am the silicon girl  
I'm ready to be your fantasy

Power on  
One on one  
Ready to begin  
Let's go!

Silicon  
Girl  
Let's go!

I am the silicon girl  
I am the silicon girl  
I am the silicon girl  
I am the silicon girl

I am the silicon girl  
You will never have to MTC  
Again

I am the silicon girl

I am the silicon girl  
Let's go!

Silicon  
Girl

I am the silicon girl  
I am the silicon girl  
I am the silicon girl  
I am the silicon girl
