

# Space Invader

S3RL

Excuse me can't you see  
That I am here dancing?  
Then you get in my way  
Oh that was your mistake  
This is the dancefloor  
It isn't made to walk  
Now get out of my way  
You're invading my space

Hey you, walkin' through  
What you think you're try'na do?  
Just 'cause you're off your face  
Does not mean you get in my way  
There's other ways to the door  
I just wanna dance some more  
If you haven't danced yet  
What the fuck d'you come for?

Excuse me can't you see  
That I am here dancing?  
Then you get in my way  
Oh that was your mistake  
This is the dancefloor  
It isn't made to walk  
Now get out of my way  
You're invading my space  
(2X)
