

Domino

Saara Aalto

Two worlds collide
There are two hearts beating side by side
Feel the spark, we ignite
Turn my mind into an open fire

'Cause when I'm, when I'm, when I'm with you
When I'm, when I'm, when I'm with you
When I'm, when I'm, when I'm with you

I'm hit and I'm falling, oh
I'm gonna fall like a domino
Like I'm hit by a wrecking ball
I'm gonna fall like a domino, domino

And every single part of my knocked out heart
Keeps on telling me there's no way I'm letting go
I'm hit and I'm falling, oh
I'm gonna fall like a domino, domino

Your skin on my skin
Without words and without gravity
Breathe me out, breathe me in
Let me stay here for eternity

'Cause when I'm, when I'm, when I'm with you
When I'm, when I'm, when I'm with you
When I'm, when I'm, when I'm with you

I'm hit and I'm falling, oh
I'm gonna fall like a domino
Like I'm hit by a wrecking ball
I'm gonna fall like a domino, domino

And every single part of my knocked out heart
Keeps on telling me there's no way I'm letting go
I'm hit and I'm falling, oh
I'm gonna fall like a domino, domino

Gonna fall, gonna fall
Gonna fall like I'm domino
Gonna fall

(When I'm, when I'm, when I'm with you)
Yeah
(When I'm, when I'm, when I'm with you)
I'm gonna fall like your domino
(When I'm, when I'm, when I'm with you)
Domino, domino

And every single part of my knocked out heart
Keeps on telling me there's no way I'm letting go
I'm hit and I'm falling, oh
I'm gonna fall like a domino, domino

Gonna fall like your domino
I'm gonna fall like a domino
Gonna fall like a domino, domino, domino
