

Tired of talking to the mirror
Tryna tell myself I'm good
Girl [?] is the killer
I know she'd get me if she could

But hän said "Don't you go hide your scars"
Hän said "They make you who you are"
So now I

Don't care if the sky falls down
I'll get up again, I'll make it through
Now that I've got you
Tonight I will lose my doubt
Looking all the things that I can do
Now that I've got you

I don't need nobody, nobody
But you, love, get it on
I don't need nobody, nobody
But you, love, get it on

I'm not looking for perfection
'Cause I find beauty in the dark
Now that I see my own reflection
Rip off the bandage of my heart

Hän said "Don't you go hide your scars"
Hän said "They make you who you are"
So now I

Don't care if the sky falls down
I'll get up again, I'll make it through
Now that I've got you
Tonight I will lose my doubt
Looking all the things that I can do
Now that I've got you

I don't need nobody, nobody
But you, love, get it on
I don't need nobody, nobody
But you, love, get it on

I don't need nobody, nobody
But you, love, get it on
I don't need nobody, nobody
But you, love, get it on

Hän said "Don't you go hide your scars"
(Oh oh, oh oh)
Hän said "They make you who you are"
Oh oh, oh oh

Don't care if the sky falls down
I'll get up again, I'll make it through
Now that I've got you
Tonight I will lose my doubt
Looking all the things that I can do

Now that I've got you

I don't need nobody, nobody
But you, love, get it on
I don't need nobody, nobody
But you, love, get it on

I don't need nobody, nobody
But you, love, get it on (Nobody but you)
I don't need nobody, nobody
But you, love, get it on

Hän!
