

# Hope

Saara Aalto

Look back on the world before  
Before you just closed the door  
Tomorrow it might all be gone away  
We conquered the world we saw  
Playing by our law  
Now you're ashamed and trying to withdraw

Ooh, it will be okay  
Ooh ooh

Look back on the child who played  
On playgrounds she laughed and played  
Now she's grown into a girl who's so afraid  
Where are the acts of love  
The deeds we'd be proud of  
Now I'm sending all my prayers high above

There's only hope now, that will carry on  
Ooh, we rely upon  
We're only people and we have the faith  
Ooh, it will be okay

If somebody told you how  
How to make a change right now  
Would you tell the world and spread out all you've heard?  
Denying the truth is in vain  
Like running from the rain  
But if we run as one our stories never end

There's only hope now, that will carry on  
Ooh, we rely upon  
We're only people sharing needs of love  
Ooh, why do we make it so hard?  
Ooh, it will be okay  
Ooh ooh  
Ooh, it will be okay (it will be okay)  
Ooh ooh

There's only hope now, that will carry on  
Ooh, we rely upon  
We're only people and we have the faith  
Ooh, it will be okay

Ooh, it will be okay  
Ooh ooh  
Ooh, it will be okay (it will be okay)  
Ooh ooh  
Ooh, it will be okay  
Ooh ooh  
Ooh, it will be okay  
Ooh ooh
