

This World

Saara Aalto

This world, what is happening to this world?
I am lost and alone in this world
I don't have love, do I have a choice?
I don't have anything, anything in this world

Take a look at the sky
Take a look at the sea
Take a look at me
What can you see?

Listen to your heart
Listen to your spirit
Listen to me
What can you hear?

This world, what is happening to this world?
This world, what is happening to this world?
This world
Here's not anybody safe, anybody safe in this world
In this world, in my world

J'ai essayé de trouver une place pour moi
Sí, lo sé, hay algo para mí en alguna parte
Adhai naan ariyeene, nenjil vanda ennam dhane
Täytyy odottaa jotain parempaa

Angalia milima
Zie je de dagen voorbij gaan
Podívej se na mě, co tě napadne

Qīngtīng nǐ de xīn
Kuula sinu henge
Får jag be om dig, du lyssna på mig

This world, what is happening to this world?
This world, what is happening to this world?
This world
Is there anybody safe, anybody safe in this world
In this world, in my world

But when I'm with you I'll be alright
(I'll be alright)
We can build this world together, I'll never leave your side
See, my love's with you at the speed of light
(The speed of light)
No need to worry, we're feeling no fear tonight

This world, what is happening to this world?
This world, what is happening to this world?
This world, what is happening to this world?
(But when I'm with you I'll be alright)
This world, what is happening to this world?
(See, my love's with you at the speed of light)
This world (But when I'm with you, I'm alright)
I know we make it safe, we can find our way in this world
In this world, in my world

In my world
