

Walking On Nails

Saara Aalto

Hey, it's Saara
I know I should've called, but
You know how I really feel
You let me be me
I'm just not ready for the world to know
Not yet

You, you got me good, you got me bad
You make me run, but I keep running back
We're running off
I'm gone, I'm stuck on you

Sometimes it hurts so much
But I still want it, I want it, I want it
I know my heart enough
Let's be honest, be honest, be honest

It's like I'm walking on nails
My hands in the fire
Waiting for your lips to make me a liar
Making me burn in beautiful pain
Loving you's the same as walking on nails

Wa-oh-oh, wa-oh, walking on nails
Loving you's the same as walking on nails
Wa-oh-oh, wa-oh, walking on nails
Loving you's the same as walking on nails

You, you're on my mind, I'm on my back
You've bent me up, baby, but I won't break
It never stops
I need your touch on me

Sometimes it hurts so much
But I still want it, I want it, I want it
I know my heart enough
Let's be honest, be honest, be honest

It's like I'm walking on nails
My hands in the fire
Waiting for your lips to make me a liar
Making me burn in beautiful pain
Loving you's the same as walking on nails

Wa-oh-oh, wa-oh, walking on nails
Loving you's the same as walking on nails
Wa-oh-oh, wa-oh, walking on nails
Loving you's the same as walking on nails

Wa-oh-oh, wa-oh, wa-
Loving you's the same as walking on nails
(Wa-oh-oh) Wa-oh, walking on nails
Loving you, loving you, yeah

It's like I'm walking on nails
My hands in the fire
Waiting for your lips to make me a liar

Making me burn in beautiful pain
Loving you's the same as walking on nails

(Wa-oh-oh, wa-oh) (Walking on nails, my hands in the fire)
Waiting for your lips to make me a liar
(Making me burn in beautiful pain)
Loving you's the same as walking on nails

Wa-oh-oh, wa-oh, walking on nails
Loving you's the same as walking on nails
