

# When The Sun Goes Down

Saara Aalto

Yeah, I don't wanna be alone, I don't wanna be alone tonight  
But I'd rather be alone if you ain't in my zone it's fine  
No more wasting my time, now I'm focusing my mind alright  
Hear the ring on my phone leave a message at the tone, bye bye

Coz I've seen way too many women  
That go for the wrong type of guys  
They only call them when the evening comes (only call them in the evening, baby)  
Their true colours come out in the light

So will you love me in the morning  
Will you love me when the sun goes down  
Will you touch me in a right way  
Will you be there will you stick around  
Coz I don't wanna get involved with  
If you're only gonna run and hide  
Will you love me on my worst days  
Love me baby when the sun goes down  
Will you love me in the morning  
Will you love me in the morning  
As long as baby when the sun goes down  
Will you love me in the morning  
Will you love me in the morning  
As long as baby when the sun goes down

(And here I go)

Never could lead me on never could lead me on alright (lead me on my baby)  
No more lies way to strong, yeah, I know my right from wrong alright (I know my right from wrong my baby)  
And I know what I want, yeah, I got it on my own alright (I know what I want oh yeah)  
Coz I'm the type of girl you can drag through hell and I still come out the right side

So will you love me in the morning  
Will you love me when the sun goes down  
Will you touch me in a right way  
Will you be there will you stick around  
Coz I don't wanna get involved with  
If you're only gonna run and hide  
Will you love me on my worst days  
Love me baby when the sun goes down  
Will you love me in the morning  
Will you love me in the morning  
As long as baby when the sun goes down  
Will you love me in the morning  
Will you love me in the morning  
As long as baby when the sun goes down

Hey Baga girls, look at me  
How d'ya like my battered sausage, chippy tea?  
I'm serving up a dish, Saara serving Finn  
Channeling Liza, maybe this time we'll win  
Iconic duo much better than rain  
On me (what?) spray the champagne

Miss Saara Aalto & Baga Chipz  
All you ladies do it like this

Coz I've seen way too many women  
That go for the wrong type of guys  
They only call them when the evening comes  
Their true colours come out in the light

So will you love me in the morning  
Will you love me when the sun goes down  
Will you touch me in a right way  
Will you be there will you stick around  
Coz I don't wanna get involved with  
If you're only gonna run and hide  
Will you love me on my worst days  
Love me baby when the sun goes down
