

# The Heir

SABA

Listening to [?]  
Asking it who am I  
Only time will tell like a cuckoo clock  
Write letters to the mob enforcer  
And I just want to be moved to God but still I  
Ambitiously move like Diddy  
Suburb through the city, I hustle like Nipsey  
Keep it 100, I'm 100 and 50  
So in every case Imma chase like Vinny  
My head I'm bout to let em in  
David, cosign this like letter head, paper  
Vocab sharp and the pen is that razor  
Still RA

And to you the main topic  
Or you shine like the Arctic  
I need you to be cautious  
Cause they rhymes is toxic  
Toxic, toxic  
And when you the main attraction around the world like an atlas  
Run rap till the capless  
It's up to you to kill the whackness, whackness  
Hey, hey

Say this is gon get em pissed, flow is epitome  
Truant so fill him in, with a pen  
Like outlining, y'all was in the crib I was out rhyming  
I'm ahead of my time, it's  
Cause I am hip hop's heir  
This halo, call it whack rap slayer  
Got em running away like Roy Ayers  
This real time like I'm Bill Meyers

And to you the main topic  
Or you shine like the Arctic  
I need you to be cautious  
Cause they rhymes is toxic  
Toxic, toxic  
And when you the main attraction around the world like an atlas  
Run rap till the capless  
It's up to you to kill the whackness, whackness  
Hey, hey

I say I'm going on a trip with no destination  
I just need something that'll get me farther than where space end  
The sky is the limit, I'm a few steps past it  
And impossible is nothing I believe like a catholic  
Put your hands through the holes in my wrists  
I want you to feel what I see  
Look through my vision and you'll  
And understand the tongues that I speak in

And to you the main topic  
Or you shine like the Arctic  
I need you to be cautious  
Cause they rhymes is toxic  
Toxic, toxic

And when you the main attraction around the world like an atlas  
Run rap till the capless  
It's up to you to kill the whackness, whackness  
Hey, hey
