

# Lady Of The Dark - History Edition

Sabatón

When a young woman from Belgrade took her brother's identity to join the army, she did not only save her brother, but also started a legendary journey. Brave as few, she became the most decorated female soldier of the war. But humble as her heart, she silently slipped into the dark when the war was over.

Many years later at a ceremony, she finally emerged alongside her fellow veterans; and much to the surprise of the mainly male veterans, she had more medals than most of them

Who shall be remembered  
In the ancient house of war?  
All the medals, all those stories  
In the alley of the greats

Celebrated hero  
Who has wandered through the dark  
She stand before you  
All that metal shining bright

Lost in time, returning to the light  
Bow before, this lady fight for life  
So sister

Raise your hand  
For the lady of the dark  
Soldier with no will to kill  
With a philanthropic heart  
Forever break the norm  
She's the girl in uniform  
Fighting side by side with men  
She will fight until the end

Lied to be respected  
And to change her brother's fate  
Took a bullet, earned her freedom  
And a place among the stars

And she served the Iron squadron  
Served the toughest of them all  
No fear of dying  
For the frontline she was born

Sacrifice, she took her brother's place  
War to war, a place where she belongs  
So brother

Raise your hand  
For the lady of the dark  
Soldier with no will to kill  
With a philanthropic heart

Forever break the norm  
She's the girl in uniform  
Fighting side by side with men  
She will fight until the end

Don't fear the reaper  
Don't fear the war  
She spared the life of brothers  
She'll fight for honour  
She'll fight for life  
A lady goes to war

Raise your hand  
For the lady of the dark  
Raise your hand  
For the lady of the dark  
Soldier with no will to kill  
With a philanthropic heart  
Forever break the norm  
She's the girl in uniform  
Fighting side by side with men  
She will fight until the end
